JOHN E. KELLY
ASSISTANT HEADMASTER

Dear Students,

Graduates, your four years of high school have come and gone. During these years you have matured in every aspect of life. You are prepared and ready to start a new phase in your life. You leave us with knowledge, willing hands, and heart that will help you meet the challenge to walk the vistas of new frontiers.

Education is a widely traveled road. There are many intersections on this road, each leading to a future goal for those traveling on it. There are also obstacles and detours along this highway but they can be overcome by confidence, determination, effort, and hard work. Go forward, for opportunity demands that youth blaze new trails.

Write life's best chapter each day. Tommorrow will surely come your way and you will reach new heights. I shall remember you always.

To all my undergraduates, I wish a summer filled with pleasure and happiness. Take a few minutes each day to reflect on your past achievements. Take a few minutes each day to plan your goal for next year. Aim high and you will succeed.

May all of you enjoy good health, happiness, and success in your future endeavors.

Sincerely,

John E. Kelly

Prayer For Educators

Viney Wilder

Almighty Father, we who walk with youth
Beseech Thy guidance in the search
for truth,
We pray for vision and humility
That we may use our knowledge worthily.

Oh, give enthusiasm for the task
Of prodding growing minds to think
and ask,
In thoughtful presentation help us strive
To make the subject matter "come alive."

A challenge that assumes it's fun to learn,
Rewarding patient labor in return.
Give too, a sense of humor, make us see
The need for understanding sympathy.

That goes beyond statistics, duly filed,
To sometimes find a frightened, lonely child,
And for the times we fail and know defeat,
Lord, keep our faith intact, beyond retreat.

Oh, keep us young in heart for we would reach
The boy or girl behind the child we teach,
Would add new growth of mind and seek to give
Their noblest, finest dreams a chance to live.

In 1835, Reverend William Newell deposited $120 and became a founding father.

Mind you, he wasn't our first depositor.

Mehittable Holbrook entrusted Cambridge Savings with $20 earlier during that first day of business, back in January of 1835.

The Reverend was, however, a most influential member of the community, so it was gratifying to be blessed with both his trust and his savings.

His account amounted to 39% of Cambridge Savings' total deposits at the close of business.

What's more, he really started something. Exactly 144 years later, our deposits had grown to over $378 million and over 81,000 accounts were on the books.

Reverend Newell helped found what is today the largest bank in Cambridge. Which all goes to show that, once again, father knows best.
